Inside CCN Production: Crafting Excellence in Custom Sportswear

At CCN Sport, our custom products are made with precision and care in our facilities in China and the Philippines. By blending traditional craftsmanship with modern technologies, we deliver premium cycling apparel built to perform and last.

Our advanced sublimation process ensures vibrant, durable designs, while our skilled 250+ team members bring expertise to every step, from stitching to finishing. Led by a management team with over 15 years of sublimation experience, we maintain the highest standards in quality and style.

From concept to completion, CCN Sport turns your vision into reality. Choose CCN Sport—where tradition meets innovation.

03 | Swift Collection

Swift Jersey

Your perfect companion for layering under extremist jackets and vests, the Swift Jersey combines premium materials with thoughtful design for unmatched comfort and performance.

Featuring a relaxed fit for freedom of movement, RPF-designed extra-long sleeves for aerodynamics, and waffle-textured fabric for insulation and moisture-wicking, it's made to excel in varying conditions.

Complete with a YKK zipper, ample storage pockets, and tailored versions for men and women, the Swift Jersey ensures every ride is your best ride.

Swift Sew-Free Jersey

Redefine your ride with the Swift Sew-Free Jersey, crafted for ultimate aerodynamics and comfort. Featuring cutting-edge AeroTech fabric and advanced bonding technology, this jersey eliminates traditional stitching for a sleek, friction-free fit.

Designed with strategically placed aerodynamic sleeves, breathable moisture-wicking properties, and UPF 50+ sun protection, it ensures peak performance on every ride.

Complete with three back pockets for essentials, the Swift Sew-Free Jersey is the perfect choice for cyclists seeking speed, comfort, and innovation.

Swift Bib Shorts

The Swift Bibs are crafted for cyclists who demand top-tier performance and all-day comfort. Made with high-performance Quattro woven fabric, these bibs offer a snug, aerodynamic fit that enhances speed while providing excellent breathability and moisture-wicking properties.

Equipped with Dolomiti chamois—Tirolo for men and Giotto for women—these bibs deliver exceptional support with multi-density foam, breathable ventilation, and an anatomical design, ensuring over 10 hours of riding comfort. Soft elastic shoulder straps and merrow seams add to the seamless, irritation-free fit.

04 | Swift Collection

Swift Sew-Free Bibshort

Experience unmatched comfort and performance with the Swift Sew-Free Bibs, crafted for cyclists who demand the best.

Featuring advanced sew-free construction and high-performance Quattro woven fabric, these bibs ensure durability, breathability, and a streamlined fit. Equipped with Dolomiti Tirolo chamois for men and Giotto chamois for women, they deliver exceptional support and comfort, even on rides exceeding 10 hours.

With elastic shoulder straps, merrow seams, and moisture-wicking properties, the Swift Sew-Free Bibs redefine long-distance cycling apparel.

Short Swift Base Layer

Elevate your cycling performance with the Swift Base Layer, crafted from advanced AeroTech fabric for unmatched aerodynamic efficiency.

Its sleek, compression-fit design minimizes drag while providing optimal support and breathability. Lightweight and moisture-wicking, this seamless base layer keeps you cool, dry, and comfortable, even during intense rides.

Perfect for cyclists aiming for peak speed and efficiency, the Swift Base Layer is your key to effortless performance and record-breaking rides.

Long Swift Base Layer

Experience unmatched performance with the Long Swift Base Layer, designed for cyclists who demand speed and comfort. Crafted from advanced AeroTech fabric, this base layer reduces air resistance while providing a snug, compression fit for enhanced muscle support.

Lightweight, breathable, and moisture-wicking, it keeps you cool and dry during intense rides. The seamless, sew-free construction ensures a smooth feel, eliminating drag and maximizing comfort.

05 | Swift Collection

Swift Socks

Elevate your cycling experience with Swift Socks, engineered for aerodynamic excellence. Crafted from high-performance AeroTech fabric, these socks minimize wind resistance, giving you a competitive edge.

The lightweight, breathable design ensures comfort and moisture control during intense rides, while the compression fit enhances muscle support and circulation. Whether racing or training, Swift Socks are the perfect blend of performance and comfort, helping you achieve peak speed and efficiency.

Swift Shoe Cover

The Swift Shoe Cover is engineered for cyclists who demand peak performance.

Crafted with cutting-edge AeroTech fabric, this shoe cover minimizes drag, offering an aerodynamic advantage for faster, more efficient rides. Its breathable, moisture-wicking design keeps you cool and dry, while its lightweight structure ensures comfort without compromise.

UCI legal and easy to wear, the Swift Shoe Cover is the perfect choice for competitive cyclists seeking an edge on the course or during training.

Swift Aero Cycling Gloves

The Swift Aero Cycling Gloves combine cutting-edge AeroTech fabric and a 3D palm design to deliver the perfect balance of aerodynamic performance and comfort.

Engineered to reduce drag and boost speed, these gloves offer enhanced grip and breathability, ensuring a secure fit and reduced hand fatigue during intense rides.

Lightweight, flexible, and designed for optimal moisture management, the Swift Aero Cycling Gloves are the ideal choice for cyclists who demand both performance and comfort on every ride.

06 | Swift Collection

Trifa Swift Aerosuit

Built with high-performance AeroTech fabric, this aerosuit minimizes drag, helping you achieve maximum speed with minimal effort.

Available in both short and long sleeves, it features the advanced Tiro chamois for superior comfort and shock absorption, supporting you on even the longest rides. Its breathable, moisture-wicking properties ensure you stay cool and dry, while a compression fit enhances muscle support and circulation.

With seamless construction and strategic reflective details, the Trifa Swift Aerosuit offers unmatched comfort, support, and visibility—making it your go-to choice for peak performance.

Komsa Swift Road Skinsuit

The Komsa Swift Road Skinsuit is available in both short and long sleeves, offering versatility to suit your riding needs.

Engineered for cyclists who demand peak performance and speed, it's crafted from cutting-edge AeroTech fabric that delivers unbeatable aerodynamics and breathability, minimizing drag for maximum efficiency. With the advanced Tiro chamois, this skinsuit offers superior comfort and support on long rides.

The compression fit enhances muscle support and blood circulation, while reflective details boost visibility in low-light conditions. Perfect for racers and serious cyclists alike, the Komsa Swift Road Skinsuit is your ultimate tool for a faster, more comfortable ride.

07 | Pro Collection

Pro Jersey

Take your cycling performance to the next level with the Pro Jersey—a perfect blend of innovation, comfort, and style.

Crafted for riders who demand excellence, it features stripe aerodynamic fabric on the sleeves for reduced drag, breathable moisture-wicking materials, and an ergonomic fit for ultimate comfort. Thoughtful details like a full-length zipper, three rear pockets, and reflective elements ensure functionality and safety on every ride.

Whether you're racing, training, or cruising, the Pro Jersey delivers superior performance and sleek design to keep you ahead of the pack.

Pro Bib Shorts

Experience the pinnacle of cycling performance and comfort with the Pro Bib Shorts.

Engineered for elite riders, these bib shorts feature premium fabrics, ergonomic design, and the advanced Bretagna chamois by Dolomiti Pads for unmatched support and shock absorption.

With breathable construction, flatlock seams for chafe-free comfort, and reflective details for added safety, the Pro Bib Shorts deliver on every front—perfect for competitive cycling and long-distance adventures alike.

Pro Aero Socks

Cycling performance is about the details, and the Pro Aero Socks are designed to fine-tune your ride.

Made with high-performance stripe aerodynamic fabric, these socks reduce drag and improve airflow, helping you go faster with less effort. Lightweight, breathable, and moisture-wicking, they keep you comfortable even on the most challenging rides. A seamless design prevents irritation, while a compression fit enhances circulation and muscle support. Reflective elements add safety for low-light conditions.

Whether racing or cruising, the Pro Aero Socks are the perfect combination of innovation and style to elevate your cycling experience.

08 | Pro Collection

Pro Aero Shoe Cover

Achieve unparalleled speed and efficiency with the Pro Aero Shoe Cover, meticulously designed for cyclists who demand the best.

Crafted from advanced stripe aerodynamic fabric, this lightweight cover reduces drag and optimizes airflow, helping you ride faster and smoother. Its breathable, moisture-wicking design ensures comfort, while durable construction and reflective elements enhance safety and longevity.

Pro Aero Cycling Gloves

Upgrade your cycling experience with the Pro Aero Cycling Gloves, engineered for performance-driven cyclists.

Featuring advanced stripe aerodynamic fabric, these gloves are designed to reduce drag, optimize airflow, and enhance speed. Lightweight, breathable, and moisture-wicking, they ensure maximum comfort on every ride.

With seamless construction for a perfect fit, enhanced grip for superior control, and reflective elements for added safety, the Pro Aero Cycling Gloves deliver unmatched functionality and style.

Trifa Pro Aerosuit Long Sleeve

Unleash your full potential with the Trifa Pro Aerosuit Long Sleeve—where cutting-edge aerodynamics meet unparalleled comfort.

Engineered with stripe aerodynamic fabric and the advanced Tiro chamois, this high-performance suit reduces drag and provides optimal support for peak performance.

Designed for cyclists who demand speed, precision, and comfort, the Trifa Pro Aerosuit ensures every ride is a winning ride.

09 | Pro Collection

Komsa Pro Road Skinsuit

Engineered for elite performance, the Komsa Pro Road Skinsuit Long Sleeve combines advanced stripe aerodynamic fabric with the cutting-edge Tiro chamois.

Designed to reduce drag and enhance comfort, this skinsuit provides unparalleled aerodynamics, moisture management, and muscle support.

Whether you're chasing podiums or pushing limits, the Komsa Pro ensures you ride with confidence and efficiency.

10 | Tour Collection

Tour Jersey

Ride in style and comfort with the new Tour Jersey, designed to elevate your cycling experience.

Crafted with body-fit fabric for a snug, aerodynamic fit, it adapts to your movements, helping you ride faster and longer. Strategically placed mesh panels on the sleeves and sides enhance ventilation, keeping you cool during intense rides.

With three spacious rear pockets and a hidden zipper pocket, you'll have ample space for all your essentials. Finished with a durable YKK zipper and available in a variety of eye-catching designs, the Tour Jersey is your ultimate partner for performance and style—available in both men's and women's cuts.

Club Shorts

Upgrade your ride with the new Club Bib Shorts, designed for comfort, performance, and durability.

Engineered for cyclists who demand more, these bib shorts offer a superior fit with features like breathable fabrics, side pockets for essentials, and a stylish, modern look. With advanced moisture-wicking technology, reflective details for added safety, and 70mm Forzia Elastic Leg Gripper Bands for a secure fit, these bib shorts ensure comfort during even the longest rides.

Club Bib Shorts

Elevate your cycling experience with the Club Bib Shorts, designed for ultimate comfort, performance, and durability. Perfect for dedicated cyclists, these bib shorts feature high-quality fabric that provides excellent support, freedom of movement, and reduced pressure for long-distance comfort.

Enhanced with advanced storage solutions, breathable materials, and durable construction, they ensure a cool, dry ride in style. Featuring reflective elements for safety, 70mm Forzia Elastic Leg Gripper Bands, and the CCN Chamois for superior comfort, these bib shorts are the perfect choice for cyclists who demand the best in both function and design.

Available in men's and women's styles.

11 | Tour Collection

Sublimated Cycling Socks

Elevate your cycling experience with our sublimated knitted socks, engineered for performance and style.

Crafted from high-quality yarns, these socks offer superior durability, flexibility, and a breathable knit structure to keep your feet cool and dry. Featuring vibrant, fade-resistant designs, they provide a bold, eye-catching look in the peloton. With a compression fit for muscle support, reinforced heel and toe areas, and moisture-wicking properties, they ensure ultimate comfort and performance on every ride.

Available in multiple sizes, these socks are perfect for all cycling disciplines, from road to mountain biking.

Lycra Shoe Cover

Take your cycling performance to the next level with our Lycra shoe covers, crafted for speed, comfort, and protection.

The aerodynamic design minimizes air resistance, while the high-quality Lycra shields your shoes from dirt, moisture, and debris. Lightweight and breathable, these covers ensure optimal comfort on long rides, with elasticized openings for a secure fit and a full-length zipper for easy use.

Tour Cycling Gloves

Gear up with our expertly crafted cycling gloves, designed to elevate your ride with unmatched grip, comfort, and protection.

Featuring anti-slip silicone palms for superior handlebar control, breathable fabrics to keep your hands cool, and padded palms to absorb shocks, these gloves ensure every ride is a smooth and enjoyable experience.

With options for full-finger or half-finger styles, adjustable wrist closures, and touchscreen compatibility, they're perfect for every cyclist.

12 | Tour Collection

BMX / Downhill Jersey

Unleash your full potential with our cutting-edge BMX jersey, designed for unmatched performance, comfort, and style.

Featuring an optimized fit and contoured design, this jersey ensures unrestricted movement and aerodynamics, making it perfect for both the track and the trail. Crafted with advanced Trafo fabric, it keeps you cool and dry during intense rides, while the unisex design and multiple sleeve options offer versatility for every rider.

13 | Winter Collection

Tour Long Sleeve Jersey

Experience the perfect blend of performance, comfort, and style with the Tour Long Sleeve Jersey —engineered for cyclists who demand more.

Crafted with body-fit fabric for a sleek and aerodynamic feel, it moves with you without restriction. The breathable mesh sleeves and side panels keep you cool, while the three back pockets and hidden compartment provide practical storage. Featuring a durable YKK zipper and a variety of stylish designs for both men and women.

Tour Fleece Long Sleeve Jersey

Conquer cold-weather rides with the Tour Fleece Long Sleeve Jersey, designed for ultimate comfort, warmth, and style.

Its relaxed fit and Ride Position Fit (RPF) extra-long sleeves ensure a tailored, aerodynamic fit, while the waffle-textured fleece fabric offers top-notch insulation and moisture management. Equipped with a premium YKK zipper and three rear pockets for essentials, this jersey blends function with convenience.

Available in men's and women's versions.

Shell Wind Vest

Crafted with a thin, windproof, and water-resistant fabric, this lightweight and packable vest offers superior protection from the elements while ensuring maximum comfort.

Its ergonomic fit reduces drag, elasticated edges provide a secure feel, and zippered pockets keep your essentials safe.

Perfect for cyclists who need reliable performance and protection against wind and light rain during colder months.

14 | Winter Collection

Shell Wind Jacket

Crafted from windproof and water-resistant thin fabric, it offers exceptional defense against the elements while remaining lightweight and easily packable for on-the-go convenience.

Designed with ergonomic tailoring for a snug fit, adjustable cuffs and hem, and zippered pockets for secure storage, this jacket ensures optimal performance in any condition. Stay warm, dry, and ready for any ride, no matter the weather.

Thermo Wind Vest

Crafted for ultimate comfort and performance. Featuring a 3-layer membrane fabric, it offers exceptional insulation to retain body heat while blocking cold winds.

The water-resistant material keeps you dry, and the breathable design ensures comfort throughout your ride.

Lightweight and easily packable, this vest offers a streamlined fit and secure storage for your essentials, making it the perfect companion for unpredictable weather.

Thermo Wind Jacket

Designed to tackle the elements, our Thermal Wind Jacket offers superior warmth, windproof protection, and comfort for colder rides.

Crafted with advanced 3-layer membrane fabric, it keeps you cozy while blocking cold winds and repelling light rain.

Its breathable design ensures moisture escapes, while its ergonomic fit reduces drag. Lightweight, packable, and equipped with practical zippered pockets.

15 | Winter Collection

Thermal Fleece Vest

Gear up for cold rides with our Thermal Fleece Vest, designed to provide exceptional warmth, wind protection, and comfort.

Featuring advanced 3-layer membrane fabric with a fleece interior, it retains body heat while blocking cold winds.

Water-resistant and breathable, this vest ensures you stay dry, cozy, and comfortable in unpredictable weather. With an ergonomic fit, secure zippered pockets, and a streamlined design, it's the perfect companion for chilly rides.

Thermal Fleece Jacket

Stay warm and protected on your cold-weather rides with our Thermal Fleece Jacket. Crafted with a 3-layer membrane fabric and fleece interior, it retains body heat while offering windproof protection and water resistance.

The breathable material ensures comfort, allowing moisture to escape during intense rides. With an ergonomic fit, elasticated hems, and practical zippered pockets, this jacket combines functionality and style for an elevated cycling experience.

Lycra Bib Tights

Elevate your cycling experience with our Lycra Bib Tights, crafted for comfort, flexibility, and support on every ride.

Made from high-quality Lycra, these tights offer a snug fit that moves with your body, enhancing performance and reducing fatigue. Breathable and moisture-wicking fabric keeps you cool and dry, while the built-in CCN Chamois pad provides extra cushioning, minimizing saddle sores.

With reinforced stitching for durability, these bib tights are built to withstand frequent rides and washing, ensuring long-lasting wear.

16 | Winter Collection

Lykra Bib Knickers

Elevate your ride with our Lykra Bib Knickers, crafted for cyclists who seek the perfect blend of comfort, flexibility, and support. Made with high-quality Lykra fabric, these knickers feature an ergonomic fit that moves with your body, reducing fatigue while enhancing performance.

The breathable, moisture-wicking material keeps you cool and dry, even during intense rides. With built-in CCN Chamois padding, these knickers offer superior cushioning and support, minimizing saddle sores for long rides.

Fleece Bib Tights

Designed to deliver warmth, performance, and durability, these tights are your perfect companion for winter cycling adventures.

Featuring advanced fleece-lined thermal fabric for insulation, an ergonomic fit that reduces fatigue, and breathable, moisture-wicking properties for all-day comfort, they keep you dry and cozy. The built-in CCN chamois pad offers superior cushioning, while reflective elements enhance visibility in low-light conditions.

Reinforced stitching and adjustable bib straps ensure a secure, long-lasting fit, making these tights ideal for every cold-weather cyclist.

Fleece Bib Knickers

Designed to keep you warm and comfortable on chilly rides. With thermal fleece insulation that traps body heat, these knickers offer the perfect balance of warmth, flexibility, and breathability.

Featuring an ergonomic fit for optimal muscle support, moisture-wicking fabric, and a comfortable CCN chamois pad, they ensure comfort and performance on long, cold-weather rides.

Durable construction and reflective details provide safety and lasting quality, making these bib knickers your go-to winter cycling companion. Stay active, stay warm, and ride on!

17 | Accessories

Lycra Arm Warmers

Made from high-quality Lycra fabric, these leg warmers offer an optimal balance of comfort, flexibility, and breathability.

Perfect for mild to cool conditions, they provide excellent moisture-wicking and UV protection. The snug fit, elastic bands, and silicone grippers ensure they stay securely in place, while the flatlock seams reduce friction for added comfort.

Whether cycling, running, or enjoying other outdoor pursuits, the CCN Lycra Leg Warmers offer versatile performance and convenience for athletes and outdoor enthusiasts alike.

Thermal Arm Warmers

Designed for athletes and outdoor enthusiasts, this arm warmer combines premium insulating fabric, a snug fit, and moisture-wicking properties to keep you warm and dry during your rides or runs.

Featuring breathable material, UV protection, and flatlock seams for extra comfort, it enhances your performance by regulating temperature and promoting flexibility.

Whether you're braving the cold morning air or enjoying a cool evening breeze, the CCN Thermal Arm Warmer offers the perfect balance of warmth, comfort, and versatility.

Lycra Leg Warmers

Made with high-quality Lycra fabric, they offer exceptional stretch, moisture-wicking properties, and a snug fit that stays in place with silicone grippers.

Perfect for mild to cool conditions, these leg warmers are lightweight, breathable, and provide UV protection, ensuring comfort without overheating. Their flatlock seams minimize friction, preventing irritation, while the versatile design makes them easy to store when not in use.

Whether cycling, running, or engaging in other outdoor activities, the CCN Lycra Leg Warmers help optimize performance and keep you comfortable.

18 | Accessories

Thermal Leg Warmers

When the temperature drops, thermal leg warmers are essential for maintaining peak performance and comfort.

These versatile accessories offer key benefits such as temperature regulation to keep muscles warm, moisture-wicking properties to prevent irritation, and enhanced circulation for improved performance.

Designed to fit snugly under shorts or pants, they provide warmth without bulk. Featuring fleece fabric for insulation, elastic bands for a secure fit, and breathable materials to prevent overheating, thermal leg warmers are a must-have for athletes and outdoor enthusiasts in cold weather.

Lycra Knee Warmers

The perfect solution for athletes and outdoor enthusiasts looking to keep their knees warm and protected without the bulk of thermal alternatives.

Made with high-quality Lycra fabric, these knee warmers offer excellent stretch, durability, and moisture-wicking properties for all-day comfort. Their lightweight, breathable design makes them ideal for mild to cool weather, while silicone grippers ensure a secure fit.

Offering UV protection and flatlock seams for reduced irritation, these knee warmers enhance performance, provide versatile temperature regulation, and are easy to store when not in use. Stay comfortable and protected with the CCN Lycra Knee Warmers.

Thermal Knee Warmers

These must-have accessories keep muscles warm, help prevent stiffness, and reduce the risk of injury.

Crafted from fleece fabric, they offer excellent insulation and moisture-wicking properties, while a snug fit and flatlock seams enhance comfort.

Whether worn under shorts or pants, thermal knee warmers ensure you stay dry, comfortable, and perform at your best during cold-weather activities.

19

Accessories

Thermal Shoe Cover

Made from high-quality fleece fabric, these shoe covers provide exceptional insulation to keep your feet warm and comfortable, even in the harshest conditions.

Featuring a snug fit with elastic bands and zippers, they stay securely in place while offering breathable and moisture-wicking properties to keep you dry.

With windproof and water-resistant protection, plus reflective elements for visibility, the CCN Thermal Shoe Covers are your ultimate cold-weather companion for enhanced performance and comfort on every ride.

Bandana

The ultimate blend of style and function, designed for those who value both practicality and performance.

Made from high-quality, breathable fabric, this bandana offers moisture-wicking properties to keep you dry and comfortable during any activity. Lightweight and portable, it's perfect for outdoor adventures, workouts, or just everyday wear.

Protect yourself from the sun, wind, and dust, while keeping sweat and hair out of your face, so you can stay focused on what matters.

Cycling Cap

perfect blend of style and practicality, offering cyclists comfort and protection on every ride.

Made from high-quality, breathable, and moisture-wicking fabric, it ensures you stay cool and dry. Its versatile design fits comfortably under helmets and shields you from the sun, wind, and rain.

Whether you're cycling, running, or hiking, this cap delivers the performance boost you need, all while keeping you looking great. Choose the CCN Cycling Cap to elevate your outdoor experience and enhance your focus and comfort.

20 | Accessories

Winter Hat / Scarf

Crafted from premium, breathable fabric, it provides excellent thermal insulation, ensuring your head stays warm without overheating.

Its snug yet comfortable fit, combined with a stylish design, makes it a versatile accessory for both outdoor activities and everyday wear.

Whether you're skiing, hiking, or simply walking in the winter chill, the CCN Winter Hat is your go-to choice for reliable protection and fashionable flair. Stay warm and stylish with the CCN Winter Hat this season.

Feeding Bag

The perfect companion for cyclists and outdoor enthusiasts who need quick access to nutrition and hydration during their rides or adventures.

Built with high-quality, durable materials, it offers ample storage space for energy bars, gels, and hydration packs, all in a compact, lightweight design. Featuring easy-to-open zippers and compartments, it allows you to grab your fuel without slowing down.

Whether you're tackling long rides or intense outdoor activities, the CCN Feeding Bag ensures you stay energized and focused, making it an essential part of your gear collection.

21 | Triathlon

Tri Top Sleeveless

Made from high-quality fleece fabric, these shoe covers provide exceptional insulation to keep your feet warm and comfortable, even in the harshest conditions.

Featuring a snug fit with elastic bands and zippers, they stay securely in place while offering breathable and moisture-wicking properties to keep you dry.

With windproof and water-resistant protection, plus reflective elements for visibility, the CCN Thermal Shoe Covers are your ultimate cold-weather companion for enhanced performance and comfort on every ride.

Tri Top Short Sleeve

Featuring a contoured fit with mid-length sleeves for unrestricted movement, this jersey is equipped with panel-specific fabric technology that ensures moisture management and comfort.

The WTF Woven fabric offers quick-drying properties, perfect for seamless transitions. Additional features include premium YKK zippers for adjustable ventilation and three rear pockets for race-day essentials.

Available in versions tailored for both men and women, this jersey is crafted to deliver exceptional performance every step of the way.

Tri Suit Sleeveless

The body contour fit and open arm pattern allow unrestricted movement, while strategically placed fabrics provide targeted protection, moisture-wicking, and breathability.

With three rear pockets for race day nutrition and a quick-dry WTF Woven fabric, it ensures you stay light and agile through every transition. Finished with a premium YKK zipper, this tri top is the ultimate companion for athletes who demand both style and function. Available in versions for both men and women.

22 | Triathlon

Tri Suit Short Sleeve

The body contour fit and open arm pattern allow unrestricted movement, while strategically placed fabrics provide targeted protection, moisture-wicking, and breathability. With three rear pockets for race day nutrition and a quick-dry WTF Woven fabric, it ensures you stay light and agile through every transition. Finished with a premium YKK zipper, this tri top is the ultimate companion for athletes who demand both style and function. Available in versions for both men and women.

Tri Skinsuit Women racerback cut

Expertly crafted to boost your performance in sprint and short-distance events. With a women's-specific design, it ensures a perfect fit that meets the unique needs of female athletes.

Made from signature WTF Woven fabric, it offers exceptional moisture-wicking properties to keep you cool and dry, even in challenging conditions. Its minimalist yet functional design provides full freedom of movement, while strategically placed panels enhance comfort, aerodynamics, and performance. Elevate your race day with this thoughtfully engineered tri-suit.

23 | Running

Running T-Shirt

Engineered for performance, this Running T-Shirt combines cutting-edge features to enhance your running experience.

The seamless design eliminates chafing, while moisture-wicking Trafo fabric keeps you dry. COOLMATIC mesh boosts ventilation, ensuring optimal airflow, and the featherlight feel offers unrestricted movement.

Built for durability, this shirt is your reliable partner for intense workouts and races, offering long-lasting comfort and performance.

Running Singlet

Designed for ultimate comfort and performance. Crafted with chafe-free seam construction and breathable Trafo fabric, this singlet keeps you cool and dry even during the hottest summer runs.

Lightweight and moisture-wicking, it's built for long-distance workouts and intense training sessions. With durable construction and precision engineering, it ensures lasting performance mile after mile.

Available in both men's and women's versions, it's the perfect addition to your athletic wardrobe for those summer runs.

Running Short

Unleash your potential with our Running Shorts, designed for optimal performance and comfort.

Featuring breathable COOLMATIC mesh fabric for excellent moisture-wicking, fast-drying woven polyester for unrestricted movement, and a contoured design for a snug, supportive fit. The quick-dry inner liner ensures a chafe-free experience, while the lightweight design allows for a natural stride.

Available in both men's and women's versions, these shorts are your ultimate companion for a smoother, more efficient run.

24 | Casual

T-Shirt

Crafted with high-quality, breathable fabrics, our t-shirts offer unmatched comfort and durability for both intense workouts and casual wear.

Featuring moisture-wicking technology, they keep you cool and dry no matter the activity.

With customizable options, you can design a t-shirt that's uniquely yours. Built to last, these t-shirts are the perfect addition to your wardrobe—whether you're training, running, or just relaxing.

Polo Shirt

Crafted from premium materials, these polos offer the perfect blend of timeless elegance and modern comfort.

Whether you're attending a business meeting, enjoying a casual day out, or staying active, our polo shirts provide excellent breathability and a soft touch, ensuring you look and feel your best.

Designed for versatility and durability, they're your go-to choice for any occasion.

Machinist Shirt

CCN Sport's mechanic shirts are the ultimate blend of toughness and practicality.

Made from high-strength fabrics, they're built to last through the most demanding environments. With reinforced seams for extra durability and a comfortable fit that allows easy movement, these shirts are perfect for professionals who need reliable, hard-wearing gear.

Plus, they're easy to clean, making them the perfect choice for busy hands-on jobs in garages, construction sites, and more. Get ready to tackle any task with confidence and comfort.

25 | Casual

Hoodie

From early morning runs to weekend hangouts, CCN Sport's hoodies offer the perfect blend of comfort and style.

Crafted from soft, breathable fabrics, they ensure you stay cozy while looking great.

With sleek designs and practical features like spacious pockets and adjustable hoods, these hoodies are a versatile addition to any wardrobe, giving you the freedom to move and express your personal style effortlessly.

26 | Order Process

With our experienced in-house support team and a wide range of technically advanced styles, designing and ordering your custom apparel is effortless and stress-free. From start to finish, our team is here to provide expert guidance and personalized consultation, ensuring a smooth and seamless experience every step of the way.

Call & Quote

Reach out to us at info@ccnsport.com to get started and receive a personalized quote.

Design

Our in-house design team will work closely with you to bring your vision to life, ensuring every detail is perfect.

Order

Place your order directly with a customer service representative or through our team store website for easy coordination with your team.

Production

We own and operate our production facility, handling everything in-house. Our world-class team develops, tests, and produces custom sportswear with the highest quality standards.

Delivery

Booklets are printed materials with four or more pages, containing details about a business, event, product, promotion, etc. They are also known as catalogues or pamphlets and are usually created to communicate a message to a wide variety of audiences.

ONLINE TEAM STORE

Simplify large orders with ease. We provide a free, dedicated website to streamline team orders, allowing each member to select their preferred styles, sizes, and quantities. Plus, with seamless online payment, the entire process is quick and hassle-free.

27 | Size Guide

At CCN Sport, we understand that finding the perfect fit is essential for your cycling apparel. That's why we offer a comprehensive sizing guide to help you choose the right size for your needs. Our sizing options cater to a wide range of body types and preferences, ensuring that you can find apparel that fits you perfectly and enhances your performance on the road.
